Education

Devops System Administrator
LDNR
2016

Master's degree Private Law
Paris II Panthéon-Assas University
2007 - 2012

Soft Skills

- Leadership
- Team Coordination
- Knowledge Sharing & Mentorship
- Passion
- Communication
- Initiative & Innovation

Language

English

French

About Me

Site Reliability Engineer with hands-on expertise across cloud-native and bare-metal infrastructure, networking, observability and automation. Builds reliable, scalable systems, troubleshoots production incidents, and improves tooling in Python and Go. Native French speaker, fluent technical English.

Work Experience

Jun 2023 - present
OpenAirlines
Tech Lead SRE

- Built observability with OpenTelemetry, Prometheus, Grafana
- Architected GCP networking: HA VPN, Cilium BGP/eBPF, multi-region EU/US/Asia
- Ran GKE, Cloud Run & Compute Engine as code (Terraform)
- Maintained CI/CD pipelines; incident management & on-call
- Deployed AI agent fleet on Gemini Enterprise Agent Platform

May 2021 - Jun 2023
SAFTI
System & Devops Engineer

- Orchestrated private & AWS cloud infrastructure
- Implemented Infrastructure as Code practices
- Built Gitlab CI/CD workflows
- Led incident management

Aug 2018 - May 2021
BYG4Lab
System Engineer

- Administered heterogeneous server infrastructure
- Executed hybrid cloud migration
- Developed internal tools (Angular/.NET frameworks)
- Built virtualization cluster and network architecture
- Led incident management

Hard Skills

- **Public cloud**: GCP, AWS, Scaleway
- **Linux**: Ubuntu, RHEL
- Networking: TCP/IP, DNS, BGP, IPv6, load-balancing, network virtualization (Cilium/eBPF)
- **IaC**: Terraform, Crossplane
- **Automation**: Ansible, Bash, Powershell
- **Orchestration**: Docker, Kubernetes
- **Programming**: Python, Go, Typescript
- Databases: PostgreSQL, MySQL, ClickHouse
- **Observability**: OpenTelemetry, Prometheus, Grafana, New Relic, Coralogix, Elasticsearch/Kibana
- **CI/CD**: Jenkins, GitHub Actions, Gitlab CI, ArgoCD, Dagger CI
- AI / Agents: Google ADK, Gemini Agent Platform, LangGraph, MCP/A2A
- **Security**: Vault
- **IAM**: Azure AD, Keycloak

Dec 2017 - Aug 2018
Apaxe
Network and Systems Administrator
- Administered heterogeneous server infrastructure
- Executed hybrid cloud migration
- Deployed SharePoint platforms
- Managed incident resolution
- Conducted user training sessions

Jul 2017 - Dec 2017
ENSFEA
Network and Systems Administrator
- Led domain controller migration project
- Administered Linux infrastructure
- Built virtualization cluster and network architecture
- Established data protection strategy

Education

Oct 2016 - Jul 2017
LDNR
Linux & Windows System Administrator Training (TSGERI)
- Linux and Windows systems administration
- Network infrastructure management
- Security and data integrity
- Open source advocacy and training

Sep 2007 - Jul 2012
Paris II Panthéon-Assas University
Master's degree Private Law
- Master's degree Private Law
- Bachelor's degree
